Tournament

03rd October 2026
Awards Gala Networking Dinner

BACKGROUND

Why Do We Need a Corporate League?

The SICCI Corporate Premier League (SCPL) 2026 is a flagship multi-sport corporate championship organized by the SICCI Sports Development Committee under the Southern India Chamber of Commerce & Industry (SICCI) in collaboration with The United Nations of High Commissioner Refugees (UNHCR). The league aims to bring together corporates, business leaders, professionals, refugees and employees through a competitive sporting platform that promotes wellness, teamwork, networking, and employee engagement. Designed as a city-wide championship, the league will feature multiple sports including Cricket, Futsal, Badminton and Table Tennis, with competitions conducted across key zones of Chennai. The tournament will culminate in a grand championship finale, creating a unique platform where business excellence meets sporting spirit.

Beyond competition, the league seeks to foster a culture of fitness, collaboration, and corporate camaraderie while providing valuable branding and engagement opportunities for sponsors and partners. With participation from companies across diverse sectors, The initiative also promotes social inclusion through the participation and engagement of refugee communities, fostering unity, diversity, and equal opportunities through sports. The SICCI Corporate Premier League aspires to become one of Southern India's premier corporate sporting properties and a flagship annual initiative of SICCI.

OBJECTIVES

- 01** Promote Employee Wellness & Sports Culture
- 02** Strengthen Corporate Networking & Engagement
- 03** Foster Inclusion & Community Development
- 04** Support Grassroots Sports Development

To create a premier corporate sporting platform that promotes employee wellness, business networking, teamwork, and community engagement while bringing together corporates, professionals, refugees and diverse communities through sports. The league also aims to support grassroots sports development, foster inclusion, and establish a sustainable annual sporting property that contributes to Tamil Nadu's sports ecosystem.

COMMUNITY IMPACT

SCPL 2026 is committed to creating a lasting impact beyond the competition by using sport as a catalyst for inclusion, wellness, and community development. In partnership with UNHCR, the league promotes refugee inclusion while supporting grassroots sports initiatives for students from government schools, government-aided schools, and other educational institutions. Through the collective support of our sponsors and partners, SCPL aims to inspire future sporting talent, encourage healthier communities, and build a more inclusive and sustainable sporting ecosystem across Tamil Nadu.

ELIGIBILITY & PARTICIPATION

Company Eligibility
